

"We found this to be one of the best programs we have been able to offer our students. The combination of literature, storytelling, and music put this presentation in a class by itself."

Pages of Music with Rolf and Carrie is a wild and wonderful parade of music and literature. This engaging combination of instruments and stories focuses on the basics of music. Their series of programs are geared for specific ages from pre-K through grade 6. Each program includes musical performances, descriptions of instruments, introductions to various musical topics, reading books and interactive activities.

Currently they are Roster Artists with Young Audiences of Minnesota and the Minnesota State Arts Board and Classical Partners with the St Paul Chamber Orchestra's CONNECT program. Individually Dr. Vecchione and Dr. Erdahl have active careers as soloists, chamber/orchestral musicians and teachers of oboe and bass.

"Engaging! Enjoyable! Informative! Fabulous!"
